

DESCRIPTION

Bundle H encompasses the southeast portion of Broward County and within three municipalities; Dania Beach, Hollywood, and Hallandale Beach. The future land use is primarily activity center areas; Dania Beach Activity Center, Hollywood Downtown Activity Center, and Hallandale Beach Activity Center. There are a handful of parks, schools, libraries, City Halls, and a library. The Broward MPO Bicycle & Pedestrian Safety Action Plan identifies the areas along Hallandale Beach Boulevard and US 1 as a crash hot spot which represents a statistically significant concentration of crashes. The crash hot spot correlate with the high transit ridership areas; the areas with the highest land use intensity and mix; and the highest propensities for walking, bicycling, and riding transit. Sixteen proposed projects were identified in Bundle H along with the Pembroke Pines/Hollywood Trail.
