

Community Meeting

# Miramar Parkway

From SW 172<sup>nd</sup> Ave to SW 160<sup>th</sup> Ave

October 10, 2023

- Recommendations include:
  - Sidewalk width expansion to shared-use path measurements.
  - High visibility crosswalk markings, separated for bicycles and pedestrians.
  - Reconstructed curb.

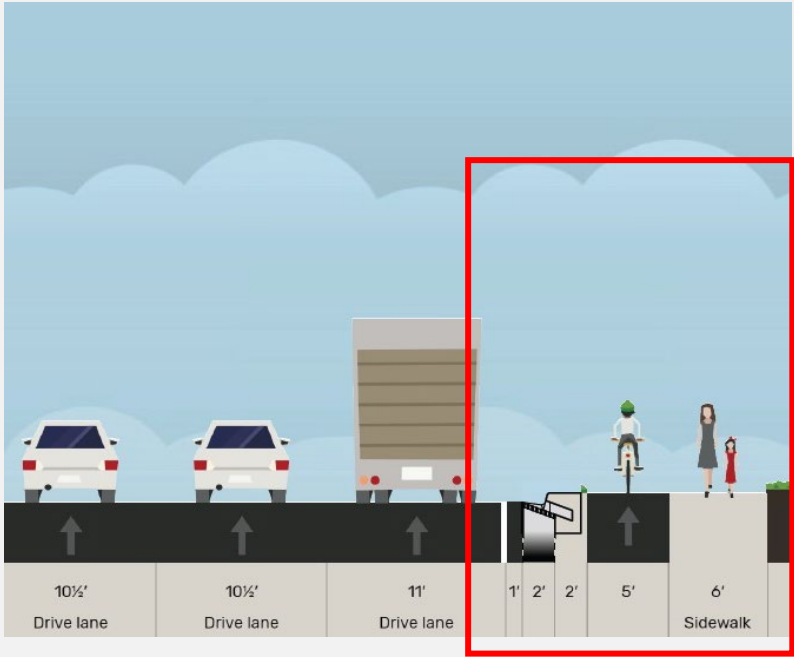

# Project Background

- Complete Streets Master Plan (CSMP)
- Corridor Enhancements
  - Bicycle and Pedestrian Facilities
  - Increased connectivity
  - Safety
- Alternatives mainly differ in construction technique and how the alternates addresses constraints such as stormwater inlet and whether median is reduced.
  - Alternate 1: Full reconstruction of curb and gutter and stormwater inlet, provide 2'-3' buffer between off-street bike lane and travel lanes
  - Alternate 2: Reconstruction of curb and gutter, design/construct custom inlet cap above stormwater inlet
