2. Overview

Purpose of the Report

The Broward Metropolitan Planning Organization (MPO) is an agency responsible for transportation planning, programing, and coordinating investments. The MPO works in partnership with Broward County, Florida Department of Transportation (FDOT), the Federal Highway (FHWA) and Transit (FTA) Administrations as well as regional transit operators in planning for transportation improvements.

The Fixing America's Surface Transportation (FAST Act) legislation requires the MPO to publish the Annual Listing of Obligated Projects Report on annual basis, no later than 90 calendar days following the end of the program year. In response to the FAST directive, the FDOT prepared a listing of highway projects, including investments in pedestrian walkways and bicycle transportation facilities. The MPO, working in conjunction with public transportation providers, developed a listing of transit projects. These project lists were obligated for federal funds under 23 U.S.C or 49 U.S.C Chapter 53 during federal fiscal year 2021 (FFY 2021) between October 1, 2020 and September 30, 2021.

Federal law (23 CFR §450.334) requires the list to include:

- (1) All federally funded projects authorized or revised to increase obligations in the preceding program year, and the TIP information under § 450. 326 (g) (1) and (4) at a minimum,
- (2) For each project, identify the amount of Federal funds requested in the TIP, the Federal funding obligated during the preceding year, and the Federal funding remaining and available for subsequent years.

In general, federal funds are obligated to transportation projects through FHWA and FTA. According to FHWA definition, "*An obligation is a legal commitment: the Federal government's promise to pay a State for the Federal share of a project's eligible cost*¹." For a project funded by FHWA funds, this commitment occurs when FHWA approves the project and executes the project agreement." For a project funded by FTA funds, this commitment occurs at the time the FTA grant is awarded. Alternatively, funding can also be "de-obligated". A de-obligation means money previously obligated is removed from the project to reflect changes to the project cost, delay, or cancellation ².

Highlights

The report contains detail regarding projects obligated during FFY 2021, however some highlights include:

- \$243,447,067 in FHWA funds is committed to 171 projects in the Broward County region.
- \$328,652,533 in FTA funds is committed to public transit operators Broward County Transit and South Florida Regional Transit Authority, and Broward MPO mobility hubs.
- \$29,528,613 Federal MPO (SU) fund is committed, while \$2,416,027 such fund is de-obligated.
- \$1,427,416 Federal MPO (TALU) fund is committed, while \$9,654 such fund is de-obligated.
- \$6,104,204 in previously obligated FHWA funds is free for use in current and forthcoming projects.

Federal Obligations by Fiscal Year

Figure 1 shows the total federally highway obligated funds, total federal transit obligated funds, SU obligated funds, and TALU obligated funds annually from 2018 to 2021. These values have averaged around \$135,380,280, \$270,939,385, \$27,288,135, and \$2,255,986 respectively. The Broward MPO continues monitoring obligated funds in the future Annual Listing of Obligated Projects report.
