## 2. Overview

### Purpose of the Report

The Broward Metropolitan Planning Organization (MPO) is an agency responsible for transportation planning, programing, and coordinating investments. The MPO works in partnership with Broward County, Florida Department of Transportation (FDOT), the Federal Highway (FHWA) and Transit (FTA) Administrations as well as regional transit operators in planning for transportation improvements.

The Fixing America's Surface Transportation (FAST Act) legislation requires the MPO to publish the Annual Listing of Obligated Projects Report on annual basis, no later than 90 calendar days following the end of the program year. In response to the FAST directive, the FDOT Provided a listing of highway projects, including investments in pedestrian walkways and bicycle transportation facilities. The MPO, working in conjunction with public transportation providers, developed a listing of transit projects. These project lists were obligated for federal funds under 23 U.S.C or 49 U.S.C Chapter 53 during federal fiscal year 2024 (FFY 2024) between October 1, 2023 and September 30, 2024.

Federal law (23 CFR §450.334) requires the list to include:

- (1) All federally funded projects authorized or revised to increase obligations in the preceding program year, and the TIP information under § 450. 326 (g) (1) and (4) at a minimum,
- (2) For each project, identify the amount of Federal funds requested in the TIP, the Federal funding obligated during the preceding year, and the Federal funding remaining and available for subsequent years.

In general, federal funds are obligated to transportation projects through FHWA and FTA. According to FHWA definition, "*An obligation is a legal commitment: the Federal government's promise to pay a State for the Federal share of a project's eligible cost*<sup>1</sup>." For a project funded by FHWA funds, this commitment occurs when FHWA approves the project and executes the project agreement." For a project funded by FTA funds, this commitment occurs at the time the FTA grant is awarded. Alternatively, funding can also be "de-obligated". A de-obligation means money previously obligated is removed from the project to reflect changes to the project cost, delay, or cancellation <sup>2</sup>.
