The Vision for SW 10th Street

The COAT, through collaboration and evaluation of the community needs and concerns, envisions improvements along SW 10th Street, which:

- Minimize visual obstructions
- Minimize traffic noise
- Minimize noise and impacts during construction
- Promote economic development and access to businesses
- Preserve local access
- Enhance community connectivity
- Provide community greenspace
- Minimize negative impacts to the environment, including air and water quality
- Reduce demand for travel along SW 10th Street by encouraging tolling, carpooling and transit

Expectations of the COAT

The COAT is expected to:

- **Understand** and **respect** the concerns of the entire community
- Have an **open mind** in reviewing options
- **Share** meeting information with their communities
- **Develop consensus** on high-level concepts and strategies that **enhance mobility** and **quality of life** in the SW 10th Street corridor

The COAT is **NOT** expected to:

- Choose a specific roadway design solution
- Identify targeted solutions along the SW 10th Street corridor
- Consider or justify project costs
- Factor complicated transportation analyses into their consensus building process
